

# AIO10

## BIOMETRIC PAYMENT TERMINAL

### Product Description

The AIO10 is ideally suited for applications where a combination of biometric and/or payment is required such as visitor registration, e-ticketing, utilities and retail sales. With a large 10" screen combined with a high quality thermal printer the AIO10 delivers superior POS features and powerful identity management capabilities through the incorporated Futronic fingerprint scanner.

The AIO10 is a new BioRugged development to serve specific markets with requirements for biometrics and/or point of sales. Our long experience in integrating different technologies in user-friendly solutions is well patent in this versatile android with incredible branding opportunities.
