

Rex 4.5

BIORUGGED SMARTPHONE

Product Description

Rex 4.5 is a state of the art terminal developed to serve markets where there is a requirement for client registration (KYC) and sales in harsh environmental conditions. Rex 4.5 is an Android rugged device combining two high resolution cameras and a 4.5" touch screen with a seamless operation through the mobile spectrum from 2G to LTE. The Rex 4.5 is equipped with a long life battery and supports OTG.

With over 20 000 units deployed in the field, used in a variety of industries including delivery, KYC, customer onboarding and retail a hardened BioRugged Rex will give you piece of mind
